Bethany Baptist Church 1150 Hilfiker Ln. SE, Salem, Oregon 97302

All Celebrate Recovery groups around Oregon are being encouraged in 2017 to take advantage of this important HGO training developed by the Religious Services Division, Oregon Department of Corrections. To be better prepared to assist a man or woman who comes into our community CR groups, this training is very important. An inmates changed life, started inside a well structured environment is severely challenged upon their release to an unstructured environment. The reality of life on the outside introduces new challenges related to routine activities they have not experienced for some time. This is where our Celebrate Recovery program should shine like a light for them!
